Activity Level: This program offers a variety of activities, typically not strenuous for guests with average mobility, including skiff rides, hiking, and kayaking. Walks are at a leisurely pace in order to see and learn as much as possible about the region. It’s our expectation that guests are able to walk with good balance, and go up and down stairs easily without assistance.

Due to the nature of our explorations, itineraries are guidelines and may change in order to maximize wildlife and natural encounters.
