A Message From The Class President

Whenever a momentous event arrives or simply occurs, one cannot help but take special notice of it. This 25th Reunion — a celebration of twenty-five years from our graduating from UNC-CH as undergraduates is certainly such a happening, whether we recognize it or not. We have all changed in the last quarter century since leaving Chapel Hill. For some, studies continued for several years thereafter in order to secure additional degrees before entering the work place. For others, graduation was a transformation from the somewhat sheltered life of a student to that of a full fledged married or single adult, with more responsibility than we ever dreamed could exist. Still others were already aware of such responsibility due to the fact that they were married while in college. This change from fairly free-spirited to responsible all fell fast upon us after leaving “The Hill”. Yet, wasn’t that what we were preparing for — life after school?

Now we can look back and measure our own life. The yardstick for success is not how much money we have made, for surely some have earned plenty! It is not how important we have become, for some have risen to great public and private responsibility. No, it is not these that will ultimately determine our value on this earth, but what differences we have made in the lives we have touched.

We graduated in a time of turmoil, caused in part by assassinations and by division of opinion in this country over the Vietnam War. It was a difficult time for the men and women of our class having to choose the possibility of serving in a war few understood or defying the government.

The next twenty-five years will result in a golden reunion dubbed “The Fiftieth”. I challenge each of you 69ers to strive to live this coming quarter century in a way that will reflect on the spirit of our very special class. Be more thoughtful, be more caring, be more loving to those who are less fortunate. Be of good moral character and let it reflect in all of your dealings. Be grateful to God for all that he has given you and be more thankful! Be a good role model for your family and friends, especially for the children and grandchildren who have or will come into your life.

Enjoy this reunion weekend. Wander the campus and the charming Town of Chapel Hill and remember twenty-five years ago. Let these three days serve to ignite a new interest in renewing old friendships. For those who cannot attend, turn the pages of this Yack and reflect on times past and resolve to contact classmates who were once close to you. You come from a very special class that was farsighted enough to establish a scholarship fund for needy students that has grown to over $60,000.00 in market value. What a wonderful legacy from you to have created the Molly Ellen Nicholson Fund. Be proud of this!

Have a wonderful life and come back to Chapel Hill often. Memories are here just waiting for you. Happy 25th!!

Sincerely,
Charles P. Farris, Jr.
A MESSAGE FROM THE EDITOR

It can be a strange world out here, and many is the time I have wanted to crawl back into the womb of my alma mater. The passage of 25 years gives me a greater appreciation for the folk wisdom that says when you get older your memory of recent events fades, while your memory of events long ago becomes enhanced.

Today, I can vividly recall from Freshman Orientation Week the spectacle of buses pulling into Kenan Stadium, disgorging dozens of freshman women from UNC-Greensboro to be pounced on, grabbed at, paired up with us Joe College Wannabees. In retrospect the whole scenario is appalling, but the moment was fraught with anticipation and excitement.

I can remember a week later my first football game at Carolina in early September with a sun beating down on my friends and me in the end-zone bleachers, drinking what you should never drink on a hot day. To add to the misery: before I left Atlanta to come to Chapel Hill I pored over Esquire magazines devotedly, to figure out exactly how I should dress. Esquire told me that the proper gentleman started wearing his fall clothes after Labor Day. So there I was, temperature in the upper '80s in the full sun of Kenan Stadium in wool pants, shirt and tie, and wool sports coat.

I learned quickly, as did most freshman. I went from being somewhat shocked at the sight of demonstrations over the Speaker Ban Law to four years later being a willing supporter of and participant in demonstrations against the War, in support of Food Service Workers, in support of the Black Student Movement, etc.

The contrast between that time and now is sharp. Twenty-five years ago, my frustration was with bureaucracies and how they deal with people and their needs. Today, I find myself working at one of the ultimate symbols of bureaucracy — the North Carolina Division of Motor Vehicles — serving as Director of the Driver License Section.

Twenty-five years ago, I ground my teeth in deep frustration with Chancellor Carlyle Sitterson that he could not turn the University bureaucracy around and make it perform up to the ideals we espoused and he endorsed. Now I grind my teeth when I hear people complain about the frustration with DMV. “don’t they understand how hard it is to bring about change.”

Today, I would love to sit down with a bourbon and chat with him about mutual experiences dealing with bureaucracies. If I could, I would suggest to him that he and Dean Cathey, Kitty Carmichael, et al. should have turned the tables on us and organized a sit-in at the DTH. Still, I have no regrets that we set our goals high and argued them, leafletted for them, marched for them, with great passion.

I have two kids (stepdaughters) who are in their 20s. It doesn’t strange to hear them talk so admiringly of our generation. I don’t like to say so to them, because I don’t want to make them feel bad about their generation, but I do feel blessed to have come of age during the 1960s. Most of the change we helped wrought was good. Black-white relationship could be infinitely better. But I remember working in Alabama during that period, being put in jail, knowing African-Americans who were subjected to far worse during that time. Their children do have it better. I think about what it must have been like for women during that time: having to wear dresses all the time on campuses, being limited in the number of openings for admission, not having the right to choice. Today, my daughters — had they so desired — would have had a fair chance to attend Chapel Hill.

For many years, I found it disconcerting and melancholic to go back to Carolina and wander the campus. In recent years, I have found it easier to wander stroll through campus and digest my experiences of the 1960s. Four years ago, I started attending Autumn Weekends, sponsored by the College of Arts and Sciences, where grads from that era listen and discuss current issues with University scholars and students. It is fascinating to watch the current crop of students. To start with, it is impressive, in terms of measuring change, to see the diversity of the student body. I feel righteous indignation that there were not more women with whom we could share our college experience. But I am not sure I would want to trade places with today’s students.

For several years, I have served as an advisor to a student group on campus, AIESEC, that develops international internships for students interested in business. I remember one meeting at a Fortune 500 company where one of the vice presidents said that his company did not look at resumes of new graduates unless they had at least a 3.5 GPA. I asked with some disbelief whether he meant a 3.5 GPA in their major, No, he said, they looked at a minimum of 3.5 overall.

My mind was blown then and there, and ever since I have felt sorry for today’s college students. How could I have ever worked on the Daily Tar Heel if I had thought I had to keep a 3.5 average to be viable in the marketplace? How could I have had the time to march, demonstrate, argue, or hang out at Harry’s or The Shack with that hanging over me?

No, at this point in my life I will set for my memories of campus back then, stoked by an occasional visit. All my life I will appreciate the physical requirements and the instructor who forced our class to run a mile. Never in my life had I done that, but struggling through that mile and subsequent miles gave birth to a love of jogging that has stayed with me and bolstered me in times of stress. I will appreciate the foreign language requirements. I retain only a minimal memory of Spanish now, but the experience helps me now as my agency copes with trying to provide services to over 100,000 North Carolinians for whom Spanish is their primary language. I cried when I discovered by old Spanish prof Dr. Stoudemire listed in the News and Observer obituaries. Yes, I do read the obits regularly now, and many other names from that period, some professors whom I had, some whom I only heard of, are starting to pass on. And most painful of all, even some classmates.

There is no experience I would love to recreate from that time, though I know it is no longer possible. I can close my eyes and remember times in the fall and spring when, faced with a paper due, I would pull an all-nighter. Around 6 am I would put the last touches on my paper (or finish my bluebooks). Then I would walk downtown. The sun would be just rising. Often there would be a thin layer of mist over the campus, around Silent Sam and the Davie Poplar. I would cross Franklin Street to the Dairy Bar, and get a dozen doughnuts as they came out of the fryer, and a quart of milk. Then I’d retreat to a bench on campus and march through those hot doughnuts and milk. Then off to class to turn in the paper.

Today, I couldn’t relive that moment even if the Dairy Bar still existed. I’d be too consumed with guilt over the globules of fat I would be ingesting; I’d be flogging myself for putting off my work until the last minute. You know. All the little things that gnaw at you as you “mature.”

No, I am just going to focus on sending Carolina sweatshirts and T-shirts to my nephews and nieces and hope they catch the Carolina fever, do their homework, and one day end up on campus. Then I can visit and show them where I lived in Alexander and Connor and talk about the neanderthal days when men engaged in party raids on the women in Winston. Or talk about the days when it was acceptable to have beer-chugging contest, presided over by our own symbol of law and order, Chief Arthur Beaumont.

Occupation: High School French Teacher
Spouse: R. Jonathan ALCOTT
Children: Alison ALCOTT, 19, college student; Kate ALCOTT, 16, high school student
After spending four years in Newport, RI as a Navy wife, my husband and I settled in Bradenton, FL, where we have lived for twenty-one years. During the next four years, our two children, Alison and Kate, were born. I started working as a high school French teacher in 1983. I have been involved in church activities, Jr. League volunteer work, school booster clubs, and various teachers’ organizations through the years. Our family members remain loyal Tar Heel fans, especially since our daughter, Alison, is presently a student at UNC.
Fondest memory: Jubilee, football and basketball games
Place you miss the most: restaurants — The Rat, Porthole

ALCOTT, R. JON

ALEXANDER, THOMAS ALLEN
421 S. Main St., Roxboro, NC 27573
Occupation: Dentist
Spouse: Barbara Rogers Alexander
Children: Corey, 19, student; Josh, 15, student
After receiving an AB in French in 1969, I spent the next four years in the UNC School of Dentistry. I met my wife Barbara (a dental hygiene student) during my freshman year and we were married in the summer of 1970. We moved to Roxboro, NC in 1973, purchased a dilapidated Victorian house, and set up our dental practice. After twenty years we are still a couple, still living in the same less dilapidated Victorian house, and still practicing dentistry. Through the years I have particularly enjoyed my involvement with the Person County Arts Council, Roxboro Little Theatre and Long Memorial United Methodist Church. Barbara and I have two great sons and life has been so good to us!
Fondest memory: The whole Carolina experience.

The picture is in front of an Oregon Lighthouse, Bradley, Me, Jay & Kevin Bartram. I left Chapel Hill in 1969 in a triumph on the way to explore the West my first time. On that trip, Helen Land and I drove across country to San Francisco. I returned East to Baltimore for medical school, to Detroit for Internship, Internal Medicine Residency and Nephrology Fellowship. In 1981, I married Jay Bartram, who graduated a Michigan Wolverine. I also became a U.S. Army Major, as Assistant Chief of Nephrology at Fitzsimmons Medical Center in Colorado, where Jay (John) was from. In 1983, we had our child, Kevin and also found Bradley. We moved to Bremerton, Washington for my private practice I am currently in, in 1984, and have enjoyed vacations exploring the Northwest, skiing in Canada, Sun Valley, Idaho, and Colorado and camping on the Oregan and Washington coasts in our tent camer and Dodge Van with our 2 golden retrievers Sandy and Rowdie. We still see Helen, who lives in San Francisco and who I met in Chapel Hill at Granville Towers. Helen was then in graduate school in Foreign Affairs.

BATES, KATHERINE MASON (VANSANT)
340 Eastbrook Road, Ridgewood, NJ  07450
Occupation: Volunteer
Children: Mason Chandler Bates, 9 (as of 4-18-94)

As you go through each day, it often feels like running in place — until you glance over your shoulder to see where you’ve been. You begin running with words in your pocket — editing books and magazines, writing countless news releases and brochures. That journey takes you to familiar places — North Carolina and Kentucky. Then at 35 you pause to marry an old friend from (sorry, folks) Duke — Bill Bates, the big one in the picture. That adventure goes from Virginia to California to New Jersey. Along the way you forsake career for multifaceted mom. Soon toys, soccer balls, PTA activities, Cub Scouts and assorted oddities land on top of the words in your pocket. The places change, but you still run to keep up with Mason (the 9 year old in the picture) and Clifford, the white fuzzy dog. You know that the words for the Great American Poem have almost no chance of escaping the clutter in your pocket, but it really doesn’t matter. You’d rather grow flowers and paint pictures anyway.

BEAUDRY, RICHARD PAUL “RICH”
23 Redbud, Pittsboro, NC  27312
Occupation: Programmer/Planner
Spouse: Sheila Badger Beaudry
Children: Shannon Renee Beaudry, 21, student
The quick tour: Graduated ’69 in psych.; 4 years in the USAF; birth of Shannon my daughter in ‘72, MA in education ’75 from Carolina, five years as career counselor at Fayetteville Tech and Mountain Empire. Then the crisis; the change: AAS in electronics, programer for IBM, chance to return to the Research Triangle seized in ’89, Sheila and I designed and had built the dream house of 25 years in an old forest south of Chapel Hill. My career bloomed again into planning and negotiation; Sheila’s into computer support and management. We love the community we live in and I share its development by leading the Landowner’s Association. Home, and family, and dogs are key
to my happiness. Shannon graduates from Carolina this spring (1994).

**Occupation:** Physician — Psychiatry

**Spouse:** Ellie Tatum

**Children:** Hunter, 4; Winston, 1; Ian, 4 (deceased); Margaret, 1 (deceased)

Private practice of psychiatry, live with wife Ellie and two children in Portland, Oregon. We moved here 14 years ago from Atlanta, love the Northwest. We are members of the Unitarian Church, active in local community organizations and professional ones. Most of our family is still on the East Coast, but we try to get them out here as much as possible. The most significant event in our life occurred in 1989 when we were hit by a drunk driver and our two children were killed. We are rebuilding, with a lot of work and love and support.

Occupation: Realtor
Children: Mariellen, 11

PICTURE: from left to right: Alex Blust (5), Mariellen Bessent (11), Ann Lewis Bessent, Paul Blust, and Amelia Blust (3). After trying out various careers, I have finally found my niche. I am now a Realtor in North Myrtle Beach, SC. Helping people with their dreams is an exciting and rewarding business. I like my work site, too. The office is only a few blocks from where I’ve maintained a home for the last 15 years. My company is Elliott Realty — one of the oldest and most prestigious firms in the area. Call me if I can ever be of assistance to you: 1-800—525-0225 Ext. 314. My only child, Mariellen Elizabeth Bessent, is in the 6th grade. She’s a straight “A” student, a talented musician and dancer, and simply a joy. If I had more space I’d tell you all about her and also about Paul, my significant other. Paul is the man I’ve been looking for all of my life. I’m so lucky! I’ve finally met the guy I’ve been looking for all my life. His name is Paul and he works for the city of NMB as the Zoning Administrator. We share lots.

BLACKWELL, RICHARD THOMAS
928 Bromley Rd., Charlotte, NC 28207
Occupation: Psychologist — Private Practice
Spouse: Margot Channing Herron Blackwell
Children: Lauren, 12, student; Tyler, 10, student; Avery, 7, student

After leaving UNC, I attended Duke Divinity School (M. Div. ’73) and married Carol Ann Beestecher (UNC, BSRN ’71). After a long bout with cancer, Carol Ann died in 1979 and I regrouped. I returned to UNC to complete Ph.D. studies (’83) and remarried another Carolina graduate, Margot Channing Herron (BSRN ’77). We moved around a bunch (Houston, Texas; Newport Beach, California; back to Chapel Hill) and finally settled in Charlotte, where I took a teaching position at UNC — Charlotte. Three children (Lauren, 12; Tyler, 10; and Avery, 7), a full private practice, and half-time work with the Cancer Center at Presbyterian Hospital keep us busy and growing. Our trips to the Hill are returning as our children begin to see the true blue of Tar Heel skies and as we renew old friendships with fellow graduates.

BROWN, ANNE BLAIR (HASTY)
1 Devonshire Rd., Mt. Laurel, NJ 08054
Spouse: Don Michael Brown
Children: Blair, 19, student

Secondary school teacher since 1970; Administrative Board (Sec. 1987-93) and Council on Ministries, Bessemer United Methodist Church; Treasurer, Triad Wheelers Bicycle Club 1977-1987; Local Coordinator, 1986's Kodak Liberty Ride Festival; Bicycle Advisory Commission (City of Greensboro); MEED, UNCG, 1973 and MS, A&TSU, 1990 (AB, UNC Chapel Hill, 1969). By choice, the bicycle is my primary means of transportation. Through the League of American Wheelmen, I am a certified Effective Cycling Instructor, and in this capacity I promote bicycle transportation and safety. I have done several bicycle tours — including one of U.S. perimeter. Since beginning my log in 1977, I've averaged more than 10,000 bicycling miles per year. Earlier this year, my poem was selected for national publication; in it I express my conviction that transportation by bicycle, in lieu of by motor car, would go a long way toward solving many of our problems.

Occupation: Real Estate and Other Investments
Spouse: Bachelor

I graduated in January '69 following one more fall semester of blue heaven and Carolina football. Soon afterwards I became a real estate broker in my hometown of Ft. Lauderdale and actively sold and invested in real estate for 15 years. I'm still actively invested in real estate but my interests have expanded into equities and other investments. My other interest include golf, especially sub-90 rounds, all kinds of rock & roll music, my restored classic '57 Ford T-Bird (which I had at Carolina for 2½ years in the mid-60's), sun, fun, & fishing in Mexico, the Bahamas and the Caribbean when I have time. May the good times roll for another 25 years for the class of '69 and Carolina basketball.

The last 25 years have been good to me much of which I owe to the time spent in Chapel Hill. In 1973 I married Vickie Fulp, and we have two wonderful “kids,” Earle 18 and Melissa 16. After leaving UNC I pursued a career in medicine and am now an Oncologist in Augusta, Georgia. I spend most of my time trying to remain abreast of the rapidly changing developments in Oncology; however, we manage to go snow skiing or visit unusual places twice a year. Even though I live in Georgia, I will always think of North Carolina as my home.

13610 Hollowgreen Dr., Houston, TX 77082
Occupation: Attorney; Vice President The Aldridge Company
Spouse: David Lynn Aldridge
Children: Brittany; 8; Lindsey; 4
Ten years after graduating from Carolina (’69) I had finished South Texas College of Law and opened my own law practice. Since that time, I have been employed by The Aldridge Company where currently I handle testing and documentation for computer software, License agreements, and legal documents. I married and Brittany was born December 13, 1985. My second daughter, Lindsey, was born March 10, 1989. With daughters, the age of some of my classmates’ grandchildren, I feel out of step with the majority of my class, but motherhood is my greatest joy and hardest job.

CANDLER, BETTY JO (ROBERTS)
P.O. Box 41, Weaverville, NC  28787
Occupation: Staff Development Coordinator — Buncombe County Social Services
Spouse: Willard Ervin Candler
Children: Emily Marie Candler, 11
I completed my MSW at UNC-CH in 1977 and have been employed by the Buncombe County Department of Social Services for 21+ years. I am happily married to Willard Candler with 1 child, Emily Marie, who is in 6th grade in Weaverville, NC. Willard drives one of those big 18 wheel tractor trailer trucks, a career he has had even longer than my 21 years in Human Services. Most of our life revolves around church and family. We live in a beautiful secluded area in the mountains of Western North Carolina, surrounded by lots of animals and wildlife. I look back fondly on all my time spent in Chapel Hill and hope in the year 2000 Emily Marie will begin there as a freshman.

Cra 7 #45-19, Bogotá, Colombia, SA
Occupation: B.A. Arts of Education
Spouse: Javier Gonzalez
Children: Catalina, 20, student (junior in Anthropology); Javier Felipe, 17, student (sophomore Arts)

Attending U.N.C. changed completely my life. Since I got back to Colombia, I was designed to direct the M.R programs at National level. There I started to organize the existing programs. I published some of my experiences at Ch.H. and I created the Mentally Retarded classes in Public Schools. In 1976 my second child Felipe was born. I decided to quit the job in order to stay at home. With Javier my husband, we started a family business. He is a teaching book editor. Since then we have been working hard and we have published some works together. In 1982 we developed a teaching method for reading and it has been very successful, specially for adult education. It is published in Germany. Two years ago we published “The Magic Window” a set of 6 books for children. Right now we are developing a game to teach ecology. To be in Carolina was very hard for me, but it was worthwhile.

ELLIS, RANDI SUSAN
P.O. Box 624, Gordon NSW 2072, Australia
Occupation: Senior Lecturer — Marketing
Spouse: Ken Cross

After graduating with an AB in 1969, I undertook an MA (also at Carolina) and later a Ph.D. at Rice University in Quantitative Psychology. After a period in industry working in the US and Europe, I moved into a career in academia and now lecture in Strategic Marketing and Services Marketing. Since that move I have taught at Northwestern University, Drake University, Chulalonghorn University (Thailand) and three universities in Australia. While working as a visiting professor at Queensland’s Bond University, I met my husband to be, and we married on 29 February 1992 (which means there are still two years until our first anniversary!). My interests include bird watching, hiking, music and reading. We are fortunate enough to live only ten minutes from the Sydney Opera House.

EVANS, ELIZABETH WALLACE (BOURNE)
708 Twyckenham Dr., Greensboro, NC 27408
Occupation: Homemaker — RN, retired early
Spouse: P. Garris Evans, Jr.
Children: Harrison Evans, 21, student — NC State; Claire Evans, 18, student — Meredith College
After college graduation, I had one final “easy” job as a camp nurse for the summer, then settled down as a public health nurse with Guilford County Health Dept. One year later I married my college sweetheart, Garris — an ECU grad. He and I both worked at the Health Dept. (he still does — 23+ years) until I left as a pediatric nurse practitioner to have our 1st baby. Later, I joined nursing school staff at UNC-G & taught Peds & Public Health until our daughter was 6 mos. old, when I became a rehabilitation nurse. I retired to stay home with w/kids about 12 years ago, and love homemaking, being a wife & mom — especially cooking. With both kids in college this year, I have more time for community volunteer work — Young Life, MOPS, Bible study, church activities. Our family loves to sail at the coast together.

Fondest memory: Dental frat parties; dorm parties in the middle of the night.

FARMER, NANCY JANE
3304 Sherwood Drive, Greenville, NC  27858
Occupation: Associate Superintendent, Pitt County Schools

Lived in Europe — 5 years in England and Germany. Have spent a lot of time on that side of the Atlantic. Returned to Carolina and completed a masters and doctorate in education. Have worked as a teacher, counselor, assistant principal, principal, state middle grades consultant, and now associate superintendent. Have been politically active and still maintain a 60’s optimism and hope. Continue to travel but am addicted to our own NC beaches. Got a lot of “kid” left in me!

Fondest memory: Football Saturdays with all the parties

Occupation: MD
Spouse: Gabrielle
Children: Billy, 8; Natalie, 6

Well, I came to San Francisco 20 years ago for my internship, and somehow never left! I'm now married to Gaby, for 9 years, and we have 2 beautiful children. We live in Marin County (Tiburon), only a few miles north of the Golden Gate Bridge. We love California, but miss North Carolina and all of our friends in the South. Our children are active in school and with sports, Billy with baseball, Natalie with horseback riding, and both with soccer. I play golf, and Gaby enjoys tennis. For the past several years we've been active fund raisers for the N. California Cystic Fibrosis Foundation, of which I am president and Gaby is on the Board of Directors. Oh yes, I work too. As a physician.

1217 Arboretum Dr., Lewisville, NC  27023
Occupation: Accountant Manager, Panel Prints, Inc.
Spouse: Susan Whiteheart Fifield
Children: Stiles, born 8-24-93

Vivid memories of Carolina: Vietnam protest lines on Franklin St., Porthole, Graham Memorial Stadium, breakfast at Carolina Inn, fire drills & Vallyres visitations at Whitehead Dorm, my wedding, Jubilee!, spring, fall, drought — no water, basketball & Dean Smith
After spending a few years living in different regions of North America, I settled back in North Carolina in the late 70's and pursued a career in the printing industry. I now represent a manufacturer of printed material for the point-of-purchase and packaging industries, covering the southeastern section of the country. The 80's went well and ended well, finding the girl of my dreams and then meeting her at the altar in 1990. I also began and continue now my primary civic activity, serving on the Entertainment Committee for the Crosby Golf Tournament, a charitable event which raises $1 million dollars each year. Newley arrived in the lives of my wife, Susan, and myself is our son, Stiles (pictured). While turning our lives upside down, he has brought us the joy that only a child can bring.

**Fondest memory:** Walking on campus in the springtime.

**FLEISHMAN, EDWARD JAY**
401 8th Avenue, Brooklyn, NY 11215
Occupation: High School Social Studies Teacher/High School Union Chapter Leader
Spouse: Ellen Gerschitz Fleishman
Children: Daniel, 13; Rachel, 11

---

Pictured: Left to Right: Rachel, Ellen, Daniel, & Jay Fleishman. After graduating and one year as a 7th grade teacher in rural Vance County I went to UNC-G (where, thank God, the male-female ratio was the reverse of Chapel Hill) to get a Master's Degree in sociology. In 1975 I left North Carolina for New York City where I have lived since and have become an incorrigible lover of this great city, met my wonderful wife of 16 years, and am raising my two children. I have taught sociology in 10 different colleges, driven and still own a NY City medallion taxi cab, owned and operated a travel agency for five years, and for the last 8 years I have been a high school social studies teacher in a large, public high school on the Lower East Side of Manhattan. I am in my second 2 year term as the elected union leader of my school representing 300 members. Although overjoyed at Carolina's NCAA title last year my greatest pleasures of middle age, outside my family and work, come during my evenings with Verdi, Wagner, and Puccini at the Metropolitan Opera.

**Fondest memory:** The ease and total lack of embarrassment with which my substitute freshman English instructor exclaimed as if discovering a new planet, "Why God can only be one thing — perpetual orgasm." 

**People you would like to see:** My two high school buddies who were killed in Vietnam while I was enjoying a student deferment at Carolina.

**Place you miss the most:** The library, believe it or not!

**Vivid memories of Carolina:** The demonstrations against the speaker ban law.

Occupation: President — Smith & Nephew Medical Products
Group North America
Spouse: Anne Meredith Paulin Furness
Children: T. Bartlett Furness, 13; Blair M. Furness, 10

After leaving UNC, I spent 3 post-ROTC years in the US Air Force as a 1st Lieutenant (with stints in the US and Greenland), then returned briefly to the Asheville area before matriculating at Harvard graduate school of Business Administration (MBA 1975). My current position is Group President of Medical Products for Smith & Nephew plc., or U.K. — based multinational medical supply and devices manufacturer. In America, the companies for which I am responsible produce items such as surgical gloves, wound healing products, dental equipment, casting and bandaging materials, marine buoys, and Canadian consumer products. Returning from our honeymoon in March 1991, my wife, Meredith, and I moved to Tampa. Meredith is very active in Tampa volunteerism, particularly with the Junior League, the Beach Park Women’s Club and Garden Club in addition to many others. I am involved with the Health Industry Manufacturers Association (HIMA) and Young Presidents Organization (YPO). Living in Florida, we both enjoy boating, tennis, cycling and golf year-round. From a previous marriage, I have 2 children. Bart is an athlete who hopes to attend Carolina in 1999; Blair is a sweet “Yankee” who is an academician and athlete. So far, Meredith and I are parents to 2 canine children, Roosevelt and Nicholas, both German Shepherds.

After graduating, I went to work for Trust Company Bank where I
was a loan officer for seven years. I then farmed chickens for two
years. Next, I earned a Ph.D. in Business at Georgia State U. and
then taught in the Business School at Emory U. for six years. I
then began consulting for a firm of which I am now President,
and I have been at this honest day job for five years. Played
steadily in various Blue Grass bands until three years ago. Have a
wife and 2 daughters — 18 & 16. Put in a garden occasionally,
and I still have my health — though my mind seems to be
slipping a little. Am no longer bad to drink.

Vivid memories of Carolina: Road trips, R. W., football weekends, mid-week “activities”, juke boxes, Ripple, summer school graduation I worked in Boston for a year and (luckily) ran into Dickson at a Carolina reunion party in N.Y.C. one weekend — we were married in the summer of ’70 and moved to Germany for a 4 year “honeymoon” sponsored by Uncle Sam. That was just the beginning of an unpredictable and exciting life as an Army wife, traveling to Arizona, Mass., Kansas, Thailand, VA, Germany (total of 10 years) and Columbia, MD for the past 5 years. We moved about every 3 years and have lived in 15 different houses. Teaching and volunteering in military community services have been rewarding and have given me the flexibility I need. Being home with the kids is a top priority; sports and music activities have kept us busy. We all have benefited from our travel experiences tremendously — I have been able to put my art history major to good use! Hobbies: Walking and basket weaving.

Children: David, 18, student; Heather, 14, student

Hamm moved to Long Beach, CA, in 1973 when she married Dave (pictured) and with the birth of David in 1975 and Heather in 1979, I put my career on the back burner and became a professional mom and community volunteer. Assistance League, American Cancer Society, PTA, Girl and Boy Scouts, and church activities, along with taking care of my family, gave me a rich and rewarding life, with time left to develop my tennis and skiing skills. This year, I returned full-time to physical therapy, which has awakened in me a new depth of gratitude for all that UNC-Ch July taught me.

HOOF, LLOYDette (Humphrey)
3215 Banbury Way, Durham, NC 27707
Occupation: Editor, Special Assistant Marketing & Public Relations
Spouse: James Bruce Hoof
Children: Mary Lloyd Hoof, 16

Became an Environmental Chemist for eight years. After graduation was married in ’73. Re-entered academia, and attended Univ. of Maryland Dental School, ’77. My first daughter, Amy was born ’76, Mary was born in ’78, and Miriam arrived in ’80. My classmates were amazed that I could maintain my composure and graduate ’81, with so many little hand prints and “scribbles” all over my notes. Developing a practice, we had put away the crib and play pen, when along came a “big surprise”, Ann Marie ’85. Since then, we’ve enjoyed trips to Nags Head, and long weekend getaways. We like the Baltimore Museum of Art and the Science Center. Sometimes the girls say

My husband Bruce and I met at Carolina in the Wilson Library —
that was a real blessing and we are happy to share Carolina memories. After graduation, Bruce attended Vanderbilt Law School. We loved Nashville, but couldn’t get any ACC scores! So we happily decided to live in the Durham area. Bruce practiced law with a local firm and now heads his own law practice, Poe, Hoof & Reinhardt. I had a variety of teaching jobs from high school English to kindergarten in those first years. Since then, I have worked as a volunteer administrator and staff member of a variety of nonprofit organizations. Most recently, I served for five years as the first Development Officer for the Durham Technical Community College Foundation. Currently, I am working as the Editor/Special Assistant for Marketing and Public Relations at the Greater Triangle Community Foundation in the Research Triangle Park and volunteering with Triangle Hospice, the Durham Arts Council, and the Volunteer Center. I am hoping to return to UNC’s School of Social Work to earn my MSW — the oldest student on campus! Our daughter Allison Elizabeth was born in 1970 and Mary Lloyd was born in 1977. Mary Lloyd is a junior at Durham’s Jordan High School hoping to be a Carolina coed some day. Allison was killed in a car accident in 1986 when she was sixteen. Naturally, that tragedy has changed and shaped our lives since that time. A group of friends and family established a memorial scholarship in Allison’s name for an outstanding Jordan High School senior planning to attend UNC — Chapel Hill. Last year, the first Allison Hoof Scholar graduated from Carolina and is attending medical school. The Fund, administered by the Greater Triangle Community Foundation, continues to grow as friends remember Allison. And now there is a Scholar in each Carolina class. UNC gave us a great start — I have never regretted leaving my little town in West Virginia to start a new life in Chapel Hill.

AB Journalism 1969; JD 1973. Graduation in 1969 brought an invitation from General Louis B. Hershey to join the army. After a year at UNC law school, I got the appropriate haircut and spent the next 18 months wearing green. Many important experiences, most notable of which was meeting my wife, Sharon (ECU ’70) in April on the beach at Wilmington where she was student teaching. Returned to law school, got married and graduated. Job market, Watergate era lead to Washington and banking trade associations, private practice and a lot of writing, speaking and professional travel. Unquestionably I owe the first
real legal job to the undergraduate journalism degree, because it
was assumed I could write reasonably well. Active in church,
Christmas in April, affordable housing. Our oldest daughter
Lauren landed a role as young Cosette in the National Company
of Les Miserables (I can't sing a note) and hooked all of the
family including her sister into theater. Love coming to Carolina

I've been a reporter, writer and editor at Sports Illustrated since
April 1970. I met my wife at the magazine, and we now have 4
kids, a Labrador and a mortgage in the suburbs. I've written a
book and taught sports journalism at Columbia U. grad. school.
I'm active in my church and work in a homeless shelter. I've
stayed involved at Carolina now serving my 4th year on the
Alumni Board of Directors and also on the DTH Bicentennial
campaign & the Class of '69 Reunion Campaign. My wife and I
created two sports journalism awards for the School of Jour-
nalism.

Occupation: Vice President — Marketing — Eastbridge Asset
Management
Children: Renie, 13, student

After graduation, I spent 2 years in the Army. I worked in Atlanta
and Greenville, SC until 1975 when I moved to New York. I
have worked on Wall Street since then as a bond salesman,
broker trader, and investment management marketing executive.
I lived in London for 3 years — 1984-1987 while working for
Citibank. I am divorced and the father of a future Tar Heel —
Renie who is 13. Her idol is Eric Montross. I currently live in
Montclair, NJ and have since 1976. I have a house on eastern
Long Island (Southampton) where I spend the summers fly
fishing for striped bass.
