

ORIGAMI RAMESES AND RAMESES JR. (RJ) BOOKMARK

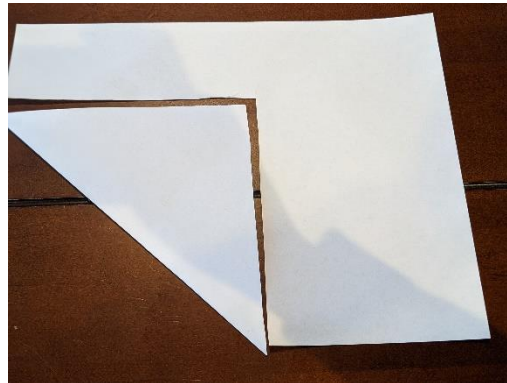

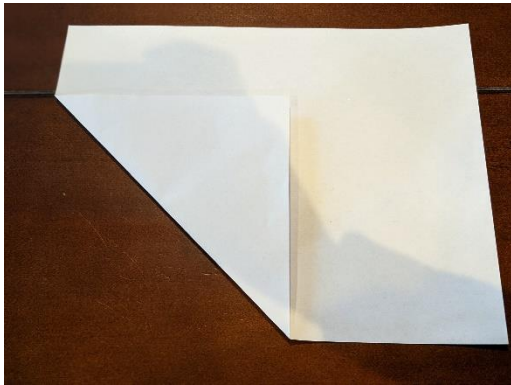

These origami bookmarks are fun for Tar Heel bookworms of all ages.

SUPPLIES

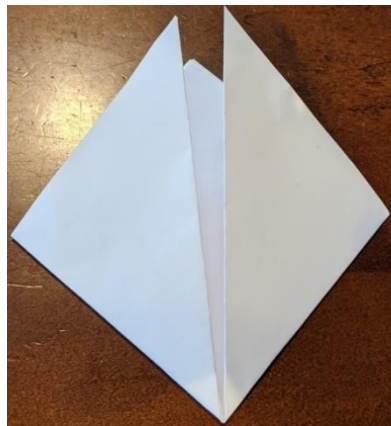

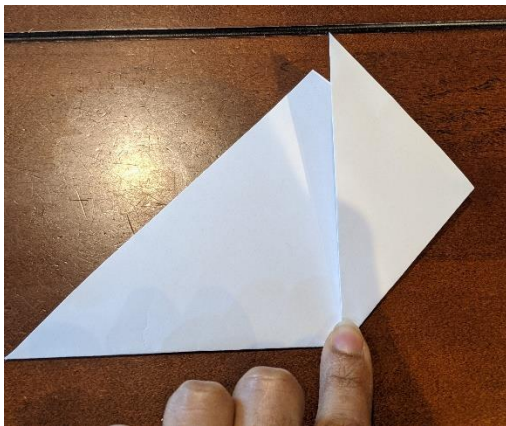

- 1 sheet of 8.5 x 11-inch paper (white)
- Scissors
- Tape
- Black drawing pen/sharpie
- Yellow, blue and light pink crayons or colored pencils/markers
- Template for ram horns and ears (bottom of instruction guide)

INSTRUCTIONS

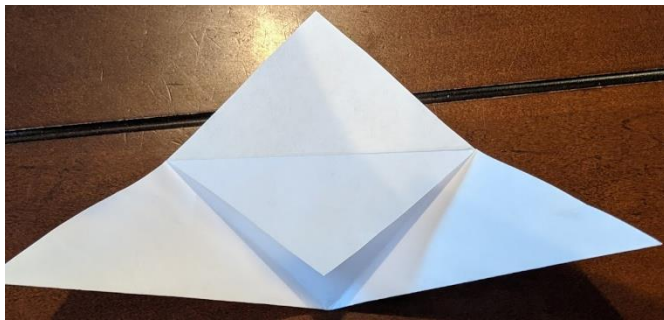

1. Begin by folding up one corner of your sheet of 8.5 x 11 paper, creating a triangle with the ssfolded paper (as seen below). (The corner would open up to a square when unfolded). Cut off the excess paper, leaving only the folded triangle behind.

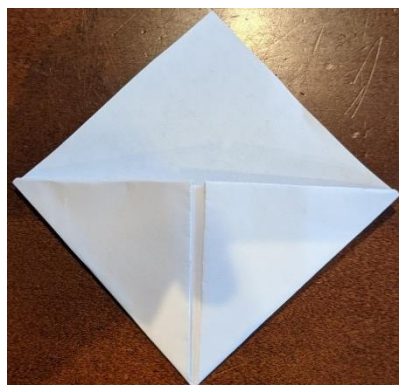

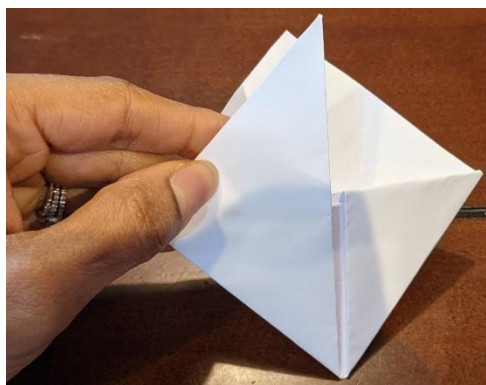

2. Fold up each bottom corner of the folded triangle until it meets the center of the top of the triangle. You should now have a diamond shape.

3. Open up the top flaps of the diamond. Fold down the top piece of the diamond, located underneath the flaps, creating a triangular tab.

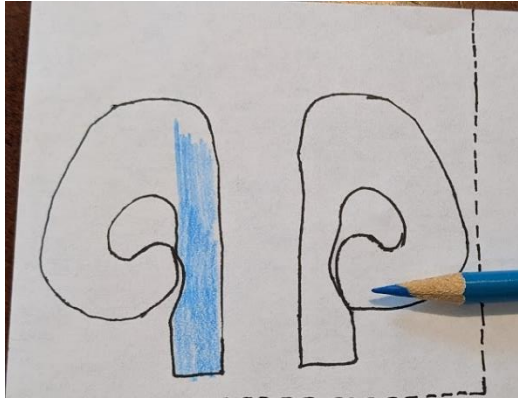

4. Fold the top flaps back over, this time tucking them into the folded down tab of the diamond.

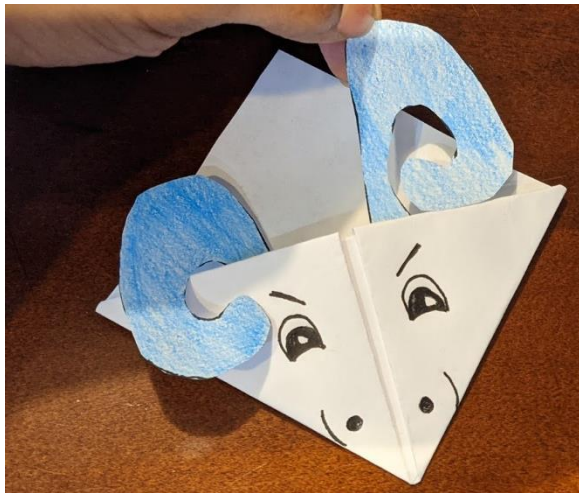

5. Use your black pen to draw the face of the ram (see example below).

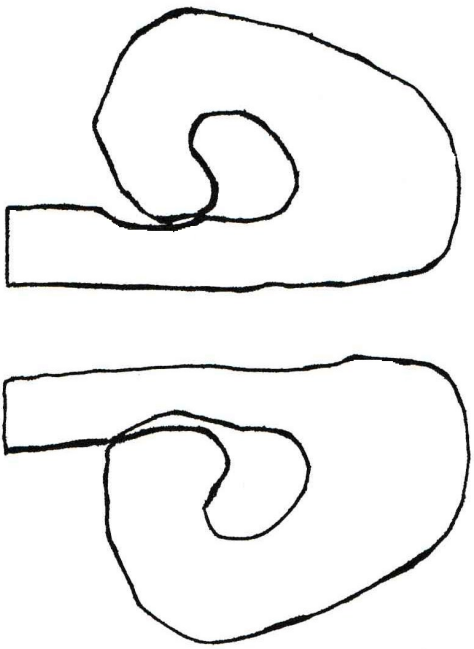

- Cut out the ears and the ram horns from the template. Use your yellow or blue crayon/colored pencil/marker to color the horns (yellow for Rameses, blue for RJ). Color the inside portion of each ear pink.

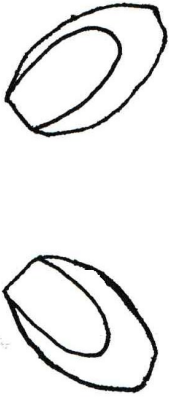

- Secure the ears to the top of the ram face with a piece of tape, followed by the ram horns. That's it -- Happy reading 😊.
